Sex: Ram **Breed:** Hampshire **Birthdate:** 2/19/22 **DNA:** Pending

Comments: If we would have had our annual online sale this year, this ram was going to be our featured entry; and we kept him back for that purpose. This ram caught our eye when he hit the ground and was a standout in our 2022 lamb crop for his beautiful pattern, bone, and growthiness. He continues to impress us and stands out in the ram pen. He was 2nd February at Iowa in an extremely competitive class and was featured in our 2022 Fall Hampshire Heartbeat ad. His sire, our home-grown stud ram “Apollo” has had a significant impact on our flock and is out of the first Held ram we used in the past decade that sired many of our top stud ewes. Apollo’s half-sister was Reserve Senior Champion at the 2014 National Hampshire Show. Ares is the first lamb out of, “Susie Q”, a yearling ewe in our 2021 show flock that is out of a Merrill ram we used in 2019. Her dam is Travis Pullin 97-18 (also sired by our first Held ram) which was our slick-shorn show yearling ewe in 2019 and always has top lambs for us. Contact us for additional videos of Ares.

Location of Sheep: Waterloo, IA **Contact Information:** Deb Pullin 319-430-3171
