Sex: Ewe **Breed:** Hampshire **Birthdate:** 1-16-23 **DNA:** RR NN

Comments: Here is another super sweet "Fired Up" daughter. We purchased Caskey 236 on the North Star Sale two years ago as a Lamb. This genetic combination should be money in the bank. This would be an excellent ewe for a junior as "Fired Up" and the "Fearless" sheep are very docile and easy to work with. She has already become a pain at feeding time.

Location of Sheep: Arlington, SD **Contact Information:** Barret and Kristin Marshall 605-695-2528
