Comments: From a deep set of fall ewes, we are featuring Held 22-4326, a triplet reared ewe sired by Neimeier 818. He has been our senior stud for the past 4 years; clearly a buck that has elevated our flock. The dam is loaded with great ones and traces to our Caskey "Secret Weapon." The maternal line is found in numerous winners at Louisville including 2 National Champions.

Location of Sheep: Aurora, SD **Contact Information:** Jeff Held 605-690-7033
